

SCHOOL INCURSION HISTORY ON THE MOVE CHANGING TECHNOLOGIES

2024-2030
Curriculum V.9

Cairns Museum School Incursion History on the Move Overview

2024-2030 V.9¹

Changing Technologies

History on the Move – *Changing Technologies*, introduces students to many examples of how communication and technology has changed over time, and the way it has impacted on individuals, the family, communities, regions and their broader national connections.

Changing Technologies takes a look at the technological changes to Communication, Domestic items and Toys, and introduces students to the past, “what is technology?”, methods of communication, advancements over time, and concepts of “then and now”.

History on the Move *Changing Technologies*, provides a unique intergenerational experience which enables students to enjoy interactive access to objects and local stories, while experiencing enriching answers to curious questions. This makes the learning opportunity exciting, as well as a memorable experience.

Presented by Cairns Museum Volunteers, this History on the Move presentation is aligned to Australian Curriculum Version 9.

Presentations are aimed at being:

- Purposeful (Curriculum aligned)
- Educational (prepared by Cairns Historical Society)
- Fun and engaging (students will learn and remember)
- Age appropriate (working at the level of students)
- Professional and organised
- Provide a positive intergenerational interaction

¹ All information is based on ACARA: Australian Curriculum: V.9
